Oral Health Care

ADX 2024 DENTAVISION OFFERS

Valid 3 October - 5 October 2024

Sonicare DiamondClean 9000 HX9912/63 HX9914/75

Whiter, healthier teeth for life

Clean without compromise; Diamond Clean 9000 including NEW A3 Premium All-in-One brush head. Our all-time best has angled bristles to help remove up to 20x more plaque even in hard-to-reach areas*. Triangular tips work to remove up to 100% more stains in less than two days**. And longer bristles clean deep for gums that are up to 15x healthier in just two weeks***. All that without ever switching brush heads.

Built in pressure sensors

You might not notice if you're brushing too hard, but your DiamondClean 9000 will. If you need to ease up, the toothbrush will make a pulsing sound. It's a heads up to let your brush head do the work. 7 out of 10 people found this feature helped them become a better brusher.

4 modes, 3 intensities

DiamondClean 9000 comes with Clean, White+, Gum Health and Deep Clean+ to take care of your brushing needs. Clean mode is for exceptional everyday cleaning, White+ is for removing stains, Gum Health provides a gentle yet effective clean for gums and Deep Clean+ gives you an invigorating deep clean. Three intensities allow you to choose between a higher setting to boost your clean and a lower one for more sensitive mouths.

BrushSync technology

The handle synchronises with the brush head to automatically set the optimal mode for your brush head and lets you know when to replace it

Included premium accessories

Premium Plaque Control + Optimal White brush heads, deluxe USB charging travel case and sleek charging glass.

Sonicare ExpertClean HX9681/01

Superior brushing. Gently does it.

Keeping up good brushing habits is tough. ExpertClean will guide you between dentist checkups. Sensors track and measure patients' brushing behaviours while the handle provides instant feedback. Over time, the Sonicare App retains and analyses these habits and generates a Progress Report to help promote better brushing technique.

Pressure sensor

Alerts you if you are pressing too hard

BrushSync replacement reminder

Lets you know when to replace your brush head

3 brushing modes

Clean, Gum Health, Deep Clean+

Included accessories

Premium Plaque Control + Premium Gum Care brush heads and travel case

Sonicare ProtectiveClean HX6800/06 HX6807/06 HX6823/16 HX6851/56

Cleaner teeth. Gently does it.

ProtectiveClean uses advanced sonic technology to let you know when you're pressing too hard. Feel the difference of a gentle clean with our pressure sensor while removing up to 7x more plaque than a manual toothbrush.

Pressure sensor

Alerts you if you are pressing too hard

Sonicare Cordless Power Flosser 3000

The easy way to clean in-between teeth

Effortlessly thorough cleaning between teeth to improve your gum health. Unique Quad Stream tip cleans more area with less effort for more effective flossing every time, so it's easy to get flossing right.

HX3826/31

Philips Sonicare Cordless Power Flosser White

Features include:

Quad Stream nozzle creates 4 wide streams

For a thorough clean between teeth and along the gumline

250ml reservoir

For longer cleaning sessions between refilling

Pulse Wave technology

Creates brief pauses in the cleaning pulsations to prompt you to glide the nozzle to the next space

3 intensities

Adjust the intensity to suit your comfort level

Sleek ergonomic design and 360-degree rotating nozzle

Allows for easy maneuverability in the mouth

2 flossing modes

Clean and Deep Clean

2 year manufacturer's warranty

For the most effective clean, nozzles are recommended to be replaced every 6 months

PHILIPS

Oral Health Care

ADX 2024 DENTAVISION OFFERS

Valid 3 October - 5 October 2024

Sonicare Power Flosser 7000

HX3911/42

A new level of clean

Quad Stream technology

Unique X-shaped nozzle creates 4 powerful streams of water for a thorough clean interproximally and along the gingival margin

Pulse Wave technology

Brief pauses in the cleaning pulsations prompt your patients to glide the nozzle to the next interproximal space to ensure a whole-mouth clean

Easily dislodge food particles

Ideal for removing plaque and food debris from hard-to-reach areas, orthodontic hardware, dental braces, brackets and wires

Choose from 4 flossing modes

Clean, Deep Clean, Sensitive and Gum Care

10 intensity settings

Dental Professional trial unit available

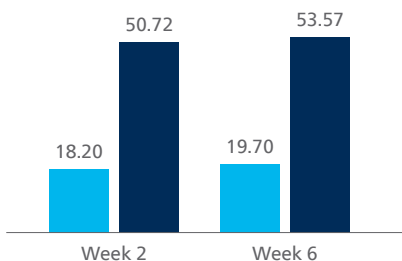

*When used with Quad Stream nozzle on setting 10 with a manual toothbrush in patients with moderate to severe gingivitis versus using a manual toothbrush with interdental brush

Flossing reinvented for superior gingival health

With distinctive features that give patients a new level of clean and encourage lasting compliance, the new Philips Sonicare Power Flosser is the next wave in flossing.

180% more effective than string floss in reducing gingival bleeding*

Percent Gingival Bleeding Reduction (Whole Mouth) from Baseline

TAKE YOUR AIRFLOW® TO THE MAX

THE BRILLIANT NEW AIR-FLOWING® FROM THE INVENTOR OF THE ORIGINAL

► The new AIRFLOW® MAX handpiece with its patented Laminar AIRFLOW® Technology is another brilliant innovation from the EMS Research Center. AIR-FLOWING® is now even more gentle, more comfortable, more efficient and aerosols are considerably reduced. There is a big difference between Air-Polishing and AIR-FLOWING®.

LAMINAR FLOW

AIRFLOW® MAX with the new Laminar Flow for perfect control.

TURBULENT FLOW

The traditional AIRFLOW® behavior.

Precise and focused air and AIRFLOW®PLUS Powder jet, shielded by water spray.

Six hexagonal water channels for more precision and high aerosol reduction.

- **BETTER VISIBILITY**
- **A LOT LESS NOISE**
- **HIGH PRECISION WORK**
- **LESS RECOIL FORCE**
- **HIGH REDUCTION OF AEROSOL SPLATTER**
- **HIGH PATIENT COMFORT**
- **HIGH USER COMFORT**
- **MUCH SLIMMER AND LIGHTER HANDPIECE**

PERIOFLOW® HANDPIECE AND PERIOFLOW NOZZLE

TREAT POCKETS UP TO 9mm

The PERIOFLOW® Handpiece and Nozzle removes biofilm from periodontal/peri-implant pockets in a safe, minimally invasive, predictable and comfortable way from 4-9mm during supportive periodontal/peri-implant and non-surgical therapy.

NEW THIRD GENERATION NOZZLE

The third generation PERIOFLOW® Nozzle has a slim, flexible and gentle design for increased patient comfort.*

The Nozzle offers better access and improved pocket conformability than ever before to reach more periodontal and peri-implant areas smoothly and safely

- Slim: Better access
- Safe: Reduction in intra-pocket pressure
- High patient comfort
- High efficiency
